Works on your TV

Samsung, LG, Roku, Fire TV, Android TV, Apple TV, phone and computer. Install once and you are set.

A profile for everyone

Each with their own history and favorites. Nobody messes up anyone else's list.

Opens fast

The app optimizes the picture and loads fast: pick a channel and you are watching.

Sign in with your phone

Point your camera at the QR code on the TV and type the password on your phone. No typing with the remote.

Favorites and continue watching

Hold OK on a channel to favorite it. The home screen keeps what you were watching.

Two routes in one login

When your login comes with DNS 1 and DNS 2, if one freezes you switch to the other in seconds.

Works on more than 10 kinds of devices. [Find yours and install now.](#)
